Come be part of an evening of reflection on care for creation through a Franciscan lens, as Sister shares her vision for realizing the promise of integral ecology, in line with Pope Francis' landmark encyclical *Laudato Si'*. How can integral ecology, which seeks to harmonize the needs of both natural and human ecologies, be of service in today's increasingly mechanistic and technological culture? How can caring for creation be an antidote to some of the dehumanizing impacts of AI and help persons and families become more human, more relational, more joyful?

Books will be available for purchase (\$20) and signing by Sister Damien Marie.
